COVID-19 Recovery Fund – Phase II

Application Questions - Note, these questions are for planning purposes. All applications must be submitted through the Foundation grant portal.

If awarded, funding is designed to be flexible (unrestricted). However, St. David’s Foundation is interested in supporting organizations that are providing specific services that address needs that have increased during the pandemic. We ask that you describe the services or activities that funding would generally support. In order to be eligible, services/supports must fall into one of the following categories. Expanded descriptions for each are provided in the Recovery Fund Overview.

Purpose of Funding

1. What is the primary focus of this funding request? See Recovery Fund Overview for more detail and descriptions concerning these categories. Select the main service provided.
   __ Behavioral health and emotional well-being
   __ Basic needs
   __ Childcare
   __ Access to health care services

2. Provide a short summary of what the grant would specifically support in 75 words or less. Note that if awarded, this language may be used internally and publicly to describe our support.

3. Describe in detail the central purpose of your program during COVID-19 and how funds would be used to support this work in alignment with the services selected above. Briefly include your history and/or expertise providing this service, and if applicable, how you are connecting to and coordinating with other resources to best serve the community. (word limit 500)

4. Provide a description of the scope/reach of services related to the priority selected above (number served, units distributed, etc.) (word limit 300)

4a. Please enter anticipated number of people reached through this funding request.

Approach and Beneficiaries

In addition to the services your organization provides, we are interested in learning more about how the services are designed, provided, and tailored to meet the needs of the community.

5. Describe who you hope will benefit from the services and supports to be funded under this request and how proposed services are informed by and/or designed to meet the unique needs of the population served. Include, if applicable, how your organization is structured to support community involvement and trust. (word limit 500)
6. Expand on your approach to how the services/supports funded under this request are designed and delivered. If applicable, tell us with clear examples how your approach aligns with the Foundation’s emphasis on supporting Peer-Driven Change and Mutual Support (community-led work, families and individuals placed at the center to identify and guide their own goals, shared knowledge, resources and peer experiences, etc.) or other proven, working models and how these concepts will show up in the work. See the Recovery Fund Overview for more information. (word limit 300)
