PART I, LINE 3C:

IN COMPLIANCE WITH IRC SECTION 501(R), THE HOSPITALS PROVIDE 100% FINANCIAL ASSISTANCE (CHARITY CARE) FOR ELIGIBLE PATIENTS WITH INCOME EQUAL TO OR LESS THAN 200% OF THE FEDERAL POVERTY GUIDELINES (FPG). FOR ELIGIBLE PATIENTS WITH INCOME OVER 200% FPG AND EQUAL TO 500% OR LESS THAN FPG, DISCOUNTS ARE PROVIDED ON A SLIDING SCALE. ELIGIBILITY IS DETERMINED USING VARIOUS SOURCES OF DOCUMENTATION AND INCOME VERIFICATION. THROUGHOUT 2020, THE ACCOUNTS FOR INDIVIDUALS WITHOUT ANY HEALTH INSURANCE WHO LIVE IN LOW INCOME ZIP CODES AND WHO FAILED TO RESPOND TO COLLECTION EFFORTS WERE REMOVED FROM ACCOUNTS RECEIVABLE AND TREATED AS CHARITY CARE.

PART I, LINE 7:

THE HOSPITALS UTILIZE THE COST TO CHARGE RATIO FROM THE AUDITED FINANCIAL STATEMENTS.

PART I, LN 7 COL(F):

BAD DEBTS ARE EXCLUDED FROM THE CALCULATION OF TOTAL EXPENSES.

Part VI Supplemental Information (Continuation)

PART II, COMMUNITY BUILDING ACTIVITIES:

ALL OF THE HOSPITALS ARE ACTIVE IN THE COMMUNITY PROMOTING HEALTH OF CENTRAL TEXANS. THE FOUNDATION PROVIDES SIGNIFICANT GRANTS EACH YEAR TO NUMEROUS AGENCIES AND LOCAL SAFETY NET CLINICS. THE FOUNDATION FOCUSES ITS FUNDING ON FIVE KEY AREAS THAT WILL IMPROVE THE HEALTH AND HEALTH CARE OF ALL CENTRAL TEXANS.

PART III, LINE 2:

HOSPITALS CONTROLLED BY THE FOUNDATION DETERMINE BAD DEBT AND CHARITY CARE IN ACCORDANCE WITH GAAP AND WITH IRC SECTION 501(R). WHETHER BAD DEBT IS DETERMINED IN ACCORDANCE WITH STATEMENT 15 REQUIREMENTS IS A MORE DIFFICULT ISSUE.

STATEMENT 15 REQUIRES HOSPITALS TO RECOGNIZE REVENUE ONLY WHEN COLLECTIONS ARE REASONABLY ASSURED AND FOR AN AMOUNT THAT IS DETERMINABLE. MOST HOSPITALS, INCLUDING THOSE CONTROLLED BY THE FOUNDATION, USE MATHEMATICAL MODELS BASED ON PRIOR HISTORY TO DETERMINE THE PERCENTAGE OF PATIENT BILLINGS THAT IS LIKELY TO RESULT IN BAD DEBT.

FOR THIS REASON, AND OUT OF AN ABUNDANCE OF CAUTION, THE FOUNDATION HAS ANSWERED "NO" TO WHETHER STATEMENT 15 IS FOLLOWED. DESPITE THE BEST EFFORTS OF HMFA TO ASSIST HOSPITALS IN DETERMINING THE DIFFERENCE BETWEEN PATIENTS WHO HAVE THE CAPACITY TO PAY FOR THEIR CARE BUT WON'T PAY AND PATIENTS WHO LACK THE CAPACITY TO PAY, THE DETERMINATION ALWAYS INVOLVES JUDGMENT. HOWEVER, THE HOSPITALS CONTROLLED BY THE FOUNDATION DETERMINE CHARITY CARE ON THE CORE PRINCIPLES SET FORTH IN STATEMENT 15, INCLUDING SPECIFIC CRITERIA FOR CHARITY CARE, A SPECIFIC TIME OF DETERMINATION, RECORD KEEPING, DISCLOSURE OF THE CHARITY CARE POLICY AND VALUATION OF

Part VI Supplemental Information (Continuation)

CHARITY CARE AT COST.

PART III, LINE 4:

ST. DAVID'S FOUNDATION'S PROPORTIONATE SHARE OF BAD DEBT EXPENSE FROM ITS OWNERSHIP INTEREST IN ST. DAVID'S HEALTHCARE PARTNERSHIP, LP, LLP (THE "PARTNERSHIP") IS REPORTED ON SCHEDULE H, PART III, LINE 2. FOLLOWING IS THE FOOTNOTE TO THE PARTNERSHIP'S AUDITED FINANCIAL STATEMENTS WHICH DESCRIBES BAD DEBT EXPENSE:

"THE SDHP [THE PARTNERSHIP] RECORDS A PROVISION FOR DOUBTFUL ACCOUNTS (BASED PRIMARILY ON HISTORICAL COLLECTION EXPERIENCE) RELATED TO UNINSURED ACCOUNTS AT THE ESTIMATED NET SELF-PAY REVENUES THE PARTNERSHIP EXPECTS TO COLLECT. ADVERSE CHANGES IN GENERAL ECONOMIC CONDITIONS, BUSINESS OFFICE OPERATIONS, PAYOR MIX, OR TRENDS IN FEDERAL OR STATE GOVERNMENTAL HEALTH COVERAGE COULD AFFECT THE PARTNERSHIP'S COLLECTION OF ACCOUNTS RECEIVABLE, CASH FLOWS, AND RESULTS OF OPERATIONS."

PART III, LINE 8:

THE AMOUNTS REPORTED ON PART III, LINES 5-7 HAVE BEEN DETERMINED BY AGGREGATING THE INFORMATION FROM THE INDIVIDUAL FACILITY COST REPORT(S) FOR EACH OF THE HOSPITALS OPERATED BY SDHP [ST. DAVID'S HEALTHCARE PARTNERSHIP, LP, LLP]. THE HOSPITALS OPERATED BY SDHP MAY HAVE COST REPORT YEAR ENDS OTHER THAN DECEMBER 31, 2021. ACCORDINGLY, FOR A FACILITY WITH A NON-CALENDAR COST REPORT YEAR END, THE COST REPORT THAT WAS FILED FOR THE COST REPORT YEAR END THAT ENDED DURING 2021 WAS UTILIZED. IT IS IMPORTANT TO NOTE THAT AMOUNTS INCLUDED IN LINES 5-7 DO NOT INCLUDE MEDICARE REVENUE AND RELATED COST FOR FREESTANDING AMBULATORY SURGERY SERVICES AND FOR PHYSICIAN SERVICES.

Part VI Supplemental Information (Continuation)

PART III, LINE 9B:

THE HOSPITAL FACILITIES DO NOT TAKE ANY ACTIONS LISTED IN SCHEDULE H, PART V, SECTION B, LINES 18 AND 19. THE FACILITIES WRITE OFF ALL CHARITY CARE AND IN COMPLIANCE WITH IRC SECTION 501(R), DO NOT PURSUE COLLECTION ON PATIENTS WHO QUALIFY FOR CHARITY CARE.

PART I, LINES 6A AND 6B:

ST. DAVID'S HEALTHCARE PARTNERSHIP, LP, LLP FILES ANNUAL STATEMENTS OF COMMUNITY BENEFITS AS REQUIRED BY THE TEXAS DEPARTMENT OF STATE HEALTH SERVICES.

PART VI, LINE 2:

THE PARTNERSHIP STRATEGIC PLANNING PROCESS CONTINUALLY ASSESSES AND ADDRESSES THE NEEDS OF THE COMMUNITY. THE FOUNDATION RECENTLY PARTICIPATED IN A CAPACITY STUDY FOR THE SURROUNDING SERVICE AREA TO ASSESS THE OVERALL COMMUNITY NEEDS. THE FOUNDATION'S GRANTS PROGRAM ADDRESSES THE NEEDS OF THE SERVICE AREA.

PART VI, LINE 3:

EACH HOSPITAL POSTS A SUMMARY OF ITS CHARITY CARE POLICY IN ADMISSION AREAS, EMERGENCY ROOMS, AND OTHER AREAS WHERE ELIGIBLE PATIENTS ARE LIKELY TO BE PRESENT. THE HOSPITALS' CONDITION OF ADMISSION CONSENT INFORMS THE PATIENTS THAT THEY MAY BE ELIGIBLE FOR FINANCIAL ASSISTANCE OR CHARITY CARE AND THEY MAY REQUEST INFORMATION ABOUT THESE PROGRAMS. A SUMMARY OF THE FINANCIAL ASSISTANCE PROGRAM IS PROVIDED TO THE PATIENT DURING THE

Part VI Supplemental Information (Continuation)

INTAKE AND DISCHARGE PROCESSES. PATIENTS ARE INFORMED OF AVAILABILITY OF VARIOUS GOVERNMENT BENEFITS, SUCH AS MEDICAID, AND RECEIVE ASSISTANCE WITH THE QUALIFICATION FOR SUCH PROGRAMS, WHERE APPLICABLE.

PART VI, LINE 4:

THE HOSPITALS ARE LOCATED IN TRAVIS AND WILLIAMSON COUNTIES. THE PATIENTS ARE PREDOMINATELY FROM TRAVIS, WILLIAMSON AND HAYS COUNTIES. THE FOUNDATION'S GRANT PROGRAM RECIPIENTS CLOSELY ALIGN WITH PATIENT DEMOGRAPHICS SERVED AT THE HOSPITALS.

PART VI, LINE 5:

THE HOSPITALS OPERATE AS EXEMPT HOSPITALS; THEY HAVE OPEN EMERGENCY ROOMS AND MEDICAL STAFF. THE FOUNDATION INVESTS ITS SHARE OF EARNINGS FROM THE HOSPITALS INTO PROGRAMS IN CENTRAL TEXAS THAT INCREASE ACCESS TO HEALTHCARE.

PART VI, LINE 6:

THE FOUNDATION IS A GENERAL PARTNER IN ST. DAVID'S HEALTHCARE, A HOSPITAL SYSTEM THAT MEETS THE COMMUNITY BENEFIT STANDARD AND THE REQUIREMENTS OF THE AFFORDABLE CARE ACT IN DELIVERING HOSPITAL CARE TO CENTRAL TEXAS. IN ADDITION, THE FOUNDATION HAS ASSESSED THE UNMET HEALTHCARE NEEDS OF CENTRAL TEXAS AND USES THE EARNINGS FROM THE HOSPITALS TO MEET THOSE NEEDS IN MANY WAYS. THE FOUNDATION MAKES GRANTS TO CHARITIES IN CENTRAL TEXAS MEETING THE HEALTHCARE NEEDS OF THE INDIGENT. THE FOUNDATION ALSO MAKES GRANTS TO EDUCATIONAL INSTITUTIONS TO SUPPORT MEDICAL EDUCATION. THE FOUNDATION'S AFFILIATES GIVE NEEDS-BASED SCHOLARSHIPS TO STUDENTS PURSUING HEALTHCARE CAREERS. IN ADDITION, THE FOUNDATION PROVIDES FREE DENTAL CARE TO THE CHILDREN IN 35 LOW INCOME SCHOOLS AND TO THE ADULT PATIENTS OF

Audit Committee
St. David's Foundation and Affiliates

Opinion

In our opinion, based on our audits and the reports of the other auditors, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as of December 31, 2021 and 2020, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of St. David's Healthcare Partnership, L.P., LLP (the Partnership). The investment in the Partnership is accounted for by the equity method of accounting. The investment in the Partnership was approximately \$402,257,000 and \$404,681,000 as of December 31, 2021 and 2020, respectively, and the equity in the Partnership's income was approximately \$174,084,000 and \$132,670,000 for the years then ended, respectively. We did not audit the financial statements of Leadership Healthcare Holdings, L.P., LLP (Leadership Holdings). The investment in Leadership Holdings is accounted for by the equity method of accounting. The investment in Leadership Holdings was approximately \$52,723,000 and \$41,538,000 as of December 31, 2021 and 2020, respectively, and the equity in the Leadership Holdings' was approximately \$7,328,000 and \$(4,418,000) for the years then ended. We did not audit the financial statements of Leadership Healthcare Holdings II, L.P., LLP (Leadership Holdings II). The investment in Leadership Holdings II is accounted for by the equity method of accounting. The investment in Leadership Holdings II was approximately \$2,612,000 and \$2,556,000 as of December 31, 2021 and 2020, respectively, and the equity in the Leadership Holdings II's income was approximately \$1,484,000 and \$971,000 for the years then ended, respectively. Those statements were audited by other auditors, whose reports have been furnished to us and our opinion, insofar as it relates to the amounts included for the Partnership, Leadership Holdings and Leadership Healthcare Holdings II, is based solely on the reports of the other auditors.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The consolidating schedule—statement of financial position and the consolidating schedule—statement of activities are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

St. David's Foundation and Affiliates

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies

Principles of consolidation: The consolidated financial statements include the accounts of St. David's Foundation (SDF) and its affiliates, all of which are wholly owned. All material intercompany accounts and transactions are eliminated in consolidation. These affiliates include St. David's Community Health Foundation Holdings (Holdings); St. David's Foundation Community Fund (Community Fund); St. David's Community Health Foundation Initiatives (Initiatives); St. David's Foundation Impact Fund GP, LLC (Impact Fund GP, LLC) and St. David's Foundation Impact Fund, LP (Impact Fund, LP), collectively referred to herein as the Foundation.

Organization: As a general partner in St. David's Healthcare Partnership, L.P., LLP (the Partnership), a Texas limited partnership, SDF is actively involved in meeting the health care needs of the community as a whole by funding major capital improvements to the Partnership's hospitals. In addition, SDF is actively involved in meeting the needs of indigent members of the community through grants for indigent primary care, mental health services, services for the elderly and grants for wellness programs. The principal source of income for SDF is the income from the Partnership, which owns the various St. David's hospitals in the Central Texas area.

The mission of Holdings, a nonprofit 501(c)(3) organization wholly owned by SDF, is to improve the health of Central Texans. Sources of income are various community grants and donations. Holding's board of trustees consists of the chairman, vice chairman and secretary of the Foundation's Board of Trustees (the Board).

The mission of Community Fund, a nonprofit 501(c)(3) organization wholly owned by SDF, is to improve the health of Central Texans and to provide scholarships to financially disadvantaged students pursuing a health care career at a Texas college or university. Community Fund's revenue comes from income from its investment in Leadership Healthcare Holdings, L.P., LLP and private donations. The Board of the Foundation is responsible for electing the chairman and trustees of Community Fund.

Initiatives is a public nonprofit 501(c)(3) organization wholly owned by SDF. Initiatives supports the mission of SDF, Community Fund and Holdings. Initiatives also owns the building that houses all the entities. The majority of Initiatives' income is derived from its investment in Impact Fund, LP and Impact Fund GP, LLC and rental income from leasing activities. The board of trustees for the Community Fund is responsible for electing the chairman and trustees of Initiatives.

Impact Fund GP, LLC, wholly owned by Initiatives, is the 1% general partner of Impact Fund, LP, while Initiatives holds a 99% limited partner interest. Impact Fund GP, LLC is a for profit limited liability company incorporated in the state of Texas. Impact Fund, LP is a for profit limited partnership incorporated in the state of Texas. The majority of the Partnerships' revenue comes from income from their investment in Leadership Healthcare Holdings II L.P., LLP. The board of trustees for Initiatives is responsible for electing the chairman and the trustees of the Impact Funds.

SDF and HCA—The HCA, Inc. and certain affiliates (collectively referred to as HCA) participated in the formation of Columbia/St. David's Healthcare System, L.P., a Texas limited partnership, effective April 30, 1996. Effective September 2, 2004, this limited partnership changed its name to St. David's Healthcare Partnership, L.P., LLP (the Partnership). The Partnership was structured with two general partners, SDF and Round Rock Hospital, Inc., and two limited partners, SDF and Columbia/SDH Holdings, Inc. Each partner, in exchange for partnership interests, contributed substantially all their hospital-related assets and liabilities located in Travis and Williamson Counties, Texas.

St. David's Foundation and Affiliates

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

The Partnership provides health care services primarily through the operation of general acute care hospitals: St. David's Medical Center (371 licensed beds, plus a 64 bed rehabilitation specialty hospital); South Austin Medical Center (367 licensed beds); North Austin Medical Center (NAMC) (395 licensed beds); Round Rock Medical Center (175 licensed beds); Georgetown Hospital (114 licensed beds); Heart Hospital of Austin (72 licensed beds) and St. David's Surgical Hospital (46 licensed beds). The Partnership owns a 54.55% interest in Bailey Square Surgery Center and a 56.88% interest in South Austin Surgery Center. The Partnership has 100% ownership in 16 urgent care locations and a network of 32 physician practices (with 68 locations and approximately 406 physician providers).

The Partnership Agreement provided for initial aggregate sharing percentages of 50% for the Foundation and 50% for HCA for purposes of allocating partnership income or loss. Because HCA's contribution of its 50% interest in NAMC was not included in determining these initial sharing percentages, the sharing percentages were adjusted annually in accordance with the Partnership Agreement as follows: the initial sharing percentages were adjusted retroactively to April 30, 1996, based upon the value of NAMC at December 31, 1996. The value of NAMC was also re-determined as of December 31, 1998 and 1997, and the sharing percentages adjusted retroactively to the beginning of the respective year. The final determination of the value of NAMC was based on April 30, 1999, financial information, with the sharing percentages retroactively adjusted to January 1, 1998.

As a result of the contribution of the remaining 50% of HCA and Austin Diagnostic Clinic (HTI/ADC) Venture to the Partnership, as well as the distribution to Community Fund, the sharing percentages were further adjusted during 2005. On June 5, 2006, the Partnership acquired Georgetown Healthcare System, Inc. in exchange for a limited partnership interest, which caused the sharing percentage to be further adjusted. The sharing percentages of the Foundation, HCA and Georgetown Healthcare System, Inc. were 40.59%, 58.41% and 1.00%, respectively, at December 31, 2021 and 2020.

The Partnership Agreement provides for distribution of net cash from operations. Special distributions may be made with the approval of the board of governors of the Partnership based upon an analysis of current and future cash flow. All distributions shall be in proportion to each partner's sharing percentage in effect at the date of the distribution. For the years ended December 31, 2021 and 2020, the Partnership made approximately \$434,855,000 and \$363,855,000, respectively, in distributions to the partners.

Basis of accounting: The accompanying consolidated financial statements have been prepared on the accrual basis of accounting applicable to not-for-profit organizations in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Support and revenue are reported as an increase in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (e.g., the donor stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Use of estimates: The preparation of consolidated financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

Consolidated financial statement basis of presentation: In accordance with the Not-for-Profit Entities topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), the Foundation reports information regarding its consolidated financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions.

Under these provisions, net assets and revenue, expenses, gains and losses are classified as without donor restrictions and with donor restrictions based on the following criteria:

Without donor restrictions: Net assets without donor restrictions consist of net assets that are not subject to donor-imposed restrictions. Net assets without donor restrictions result from operating revenues, contributions from donors without restrictions and dividend and interest income. Net assets without donor restrictions may be designated for specific purposes by action of the Board.

With donor restrictions: Net assets with donor restrictions consist of contributed funds subject to donor-imposed restrictions contingent upon specific performance of a future event or passage of time before the Foundation may spend funds. When the donor restriction expires, donor restricted net assets are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions. Endowed donor restricted net assets are subject to irrevocable donor restrictions requiring that the assets be maintained in perpetuity. Generally, donors of these assets permit the use of all or part of the income earned on any related investments for general or specific purposes.

Cash and cash equivalents: For the purpose of the consolidated statements of cash flows, the Foundation considers all cash, money market and liquid investments with an original maturity of less than 90 days to be cash equivalents unless they are held in an investment account and are designated to be used for the purchase of long-term investments.

Valuation of investments: Investments in pooled equity funds are presented in the accompanying consolidated financial statements at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Unrealized gains and losses are included in the change in net assets in the accompanying consolidated statements of activities.

The fair value of marketable securities with readily determinable market values is determined using quoted market prices. The fair value of investments in pooled equity funds is determined using the practical expedient. The practical expedient provides for the use of net asset value (NAV), either reported by the investor fund or as adjusted by the Foundation based on additional information provided by the external investment managers.

The fair value of the pooled equity funds at the measurement date are based on available information, may involve subjective judgment and do not necessarily represent the amounts that might ultimately be realized, which depends on future circumstances and cannot be reasonably determined until realized. Due to the inherent uncertainty of valuations of the investment funds, the fair values may differ significantly from the values that would have been used had a ready market for the pooled equity funds existed, and the differences could be material.

The Foundation has an investment policy that sets guidelines and constraints to ensure the portfolio is appropriately diversified.

Note 1. General and Summary of Significant Accounting Policies (Continued)

Investments in partnerships: The equity method of accounting is used for the Foundation's investment in the Partnership; Leadership Healthcare Holdings, L.P., LLP and Leadership Healthcare Holdings II, L.P., LLP. This method of accounting is used, as the Foundation exercises significant influence due to its percentage of ownership in voting securities, role as a co-general partner and representation on the respective entities' boards of directors. Under the equity method of accounting, the accounts of the foregoing entities are not reflected within the Foundation's consolidated statements of financial position and consolidated statements of activities because they do not meet the criteria for consolidation; however, the Foundation's share of the earnings or losses of the Partnership is reflected in the captions, St. David's Healthcare Partnership, L.P., LLP income or ancillary joint venture income, in the consolidated statements of activities and the net investment in each of the respective entities is disclosed in a separate line item in the consolidated statements of financial position.

The Foundation evaluates its investments in partnerships for impairment at least on an annual basis, and more frequently when economic or market concerns warrant such evaluation. The Foundation employs a systematic methodology that considers available evidence in evaluating potential impairment of its investments in its partnerships. In the event that the cost of an investment exceeds its fair value, the Foundation evaluates, among other factors, the magnitude and duration of the decline in fair value; the expected cash flows of the investments; the financial health of and business outlook for the investments; the performance of the investments and the Foundation's intent and ability to hold the investment.

Property and equipment: Property and equipment are stated at cost if purchased, or fair value if donated. Depreciation is calculated on the straight-line method based on the following estimated useful lives: furniture—10 years, equipment and vehicles—5 years and building—40 years. Amortization expense is computed using the straight-line method over the shorter of the estimated useful lives of the assets or the period of the related lease. Amortization of leasehold improvements is computed using the straight-line method over the shorter of the remaining lease term or 10 years. The Foundation has adopted a capitalization policy for property and equipment of \$2,500.

Impairment of long-lived assets: The Foundation reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The Foundation did not recognize an impairment loss during the years ended December 31, 2021 and 2020.

Promises to give: The Foundation makes awards and grants to other charitable organizations. These awards and grants are designed to improve the health of underserved and indigent populations. The amount for which the Foundation is obligated is recorded in the consolidated financial statements upon Board approval.

Support and revenue: Contributions are recorded at fair value when the Foundation is in possession of or receives an unconditional promise to give. Contributions are recorded as restricted support with donor restrictions or without donor restrictions based on the existence or nature of any donor restrictions. As donor or time restrictions are satisfied, net assets are reclassified to net assets without donor restrictions. The Foundation's policy is to report restricted support that is satisfied in the year of receipt as restricted and then fully released in the same year.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

Unconditional promises to give, or pledges, are recorded in the consolidated financial statements when there is sufficient evidence in the form of verifiable documentation that a promise is made and received.

Contributed services that create or enhance nonfinancial assets or that require specialized skills that are provided by individuals possessing those skills, and which would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received. Contributed goods are recorded at their fair value in the period received. The amount of such contributed goods or services for the years ended December 31, 2021 and 2020, was not significant to the consolidated financial statements.

Functional allocation of expenses: The costs of providing the various programs and supporting services have been summarized on a functional basis in the consolidated statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services and fundraising expenses based on actual time spent by employees or estimated time spent, if actual time is not readily available. Rent expense is allocated based on the square footage occupied by each department. Also see Note 9.

Federal income taxes: The Foundation, Holdings, Community Fund and Initiatives are public nonprofit 501(c)(3) organizations exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code, except to the extent they have unrelated business activities. As such, no provision for federal income taxes has been included in the accompanying consolidated financial statements related to these four entities.

Impact Fund GP, LLC and Impact Fund, LP are for profit entities subject to federal income taxes. Income taxes for these two entities are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets, including tax loss and credit carryforwards, and liabilities, are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred income tax expense represents the change during the period in the deferred tax assets and deferred tax liabilities.

Deferred tax assets and liabilities are individually classified as other assets or accrued liabilities, respectively in the consolidated financial statements. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all the deferred tax assets will not be realized.

The FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the consolidated financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Foundation's tax return to determine whether the tax positions are "more likely than not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more likely than not threshold would be recorded as a tax benefit or expense and liability in the current year. Management has determined there are no material uncertain income tax positions.

The Foundation's policy is to record interest and penalty expense related to income taxes as interest and other expense, respectively. At December 31, 2021 and 2020, no interest or penalties have been or are required to be accrued.

Note 1. General and Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncements: In February 2016, FASB issued Accounting Standards Update (ASU) 2016-02, *Leases*, which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective-interest method or on a straight-line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months, regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases and operating leases. The standard is effective for the Foundation beginning in fiscal year 2022, with early adoption permitted. The Foundation is in the process of evaluating the effect the updated standard will have on its consolidated financial statements.

In March 2019, the FASB issued ASU 2019-01, *Leases (Topic 842): Codification Improvements*, which addressed issues lessors sometimes encounter. Specifically, the ASU addresses issues related to (1) determining the fair value of the underlying asset by the lessor that are not manufacturers or dealers (generally financial institutions and captive finance companies), and (2) lessors that are depository and lending institutions, which should classify principal and payments received under sales-type and direct financing leases within investing activities in the cash flow statement. The ASU also exempts both lessees and lessors from having to provide the interim disclosures required by ASC 250-10-50-3 in the fiscal year in which a company adopts the new leases standard. In June 2020, the FASB issued ASU 2020-05, *Revenue from Contracts with Customers (Topic 606) and Leases (Topic 842) Effective Dates for Certain Entities*, which delays the effective date of ASU 2019-01 for certain entities. This ASU is effective for the Foundation beginning on January 1, 2022. The adoption of ASU 2019-01 is not expected to have a significant impact on the Foundation's consolidated financial statements.

In December 2019, the FASB issued ASU 2019-12, *Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes*, which is intended to simplify various aspects related to accounting for income taxes. ASU 2019-12 removes certain exceptions to the general principles in ASC 740 and also clarifies and amends existing guidance to improve consistent application. This ASU is effective for the Foundation beginning on January 1, 2022. The adoption of ASU 2019-12 is not expected to have a significant impact on the Foundation's consolidated financial statements.

In September 2020, the FASB issued ASU 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which requires a not-for-profit entity to present contributed nonfinancial assets in the statement of activities as a line item that is separate from contributions of cash or other financial assets. ASU 2020-07 also requires additional qualitative and quantitative disclosures about contributed nonfinancial assets received, disaggregated by category. This ASU is effective for the Foundation beginning on January 1, 2022. The adoption of ASU 2020-07 is not expected to have a significant impact on the Foundation's consolidated financial statements.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

In January 2020, the FASB issued ASU 2020-01, *Investments—Equity Securities (Topic 321), Investments—Equity Method and Joint Ventures (Topic 323), and Derivatives and Hedging (Topic 815)*, which clarifies that the observable price changes in orderly transactions that should be considered when applying the measurement alternative in accordance with ASC 321 include transactions that require it to either apply or discontinue the equity method of accounting under ASC 323. ASU 2020-01 also addresses questions about how to apply the guidance in Topic 815, *Derivatives and Hedging*, for certain forward contracts and purchased options to purchase securities that, upon settlement or exercise, would be accounted for under the equity method of accounting. This ASU is effective for the Foundation beginning on January 1, 2022. The adoption of ASU 2020-01 is not expected to have a significant impact on the Foundation's consolidated financial statements.

In July 2021, the FASB issued ASU 2021-05, *Leases (Topic 842): Lessors—Certain Leases with Variable Lease Payments*, an amendment to ASU 2016-02, *Leases (Topic 842)*. The amendments in this update affect lessors with lease contracts that: 1) have variable lease payments that do not depend on a reference index or a rate and 2) would have resulted in the recognition of selling a loss at lease commencement if classified as sales-type or direct financing. The amendment is effective for the Foundation beginning in fiscal years after December 15, 2021. The adoption of ASU 2021-05 is not expected to have a significant impact on the Foundation's consolidated financial statements.

Reclassification: Certain reclassifications have been made in the prior year's consolidated financial statements to conform to the current year's presentation.

Note 2. Investments and Fair Value Measurements

The ASC, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted market prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Consolidated Financial Statements

Note 2. Investments and Fair Value Measurements (Continued)

The valuation techniques and inputs described in Note 1 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes that its valuation methods are appropriate and consistent with other market participants, the use of different techniques and inputs or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between Level 1 and Level 2 for the reported investments. There have been no changes in the techniques and inputs used at December 31, 2021 and 2020.

The requirements of Fair Value Measurements and Disclosures of the ASC apply to all financial instruments and all nonfinancial assets and nonfinancial liabilities that are being measured and reported on a fair value basis. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market of the investment at the measurement date.

The following table sets forth by level, within the fair value hierarchy, the Foundation's investment assets at fair value as of December 31, 2021 and 2020:

Note 5. Endowment Funds

The Foundation's endowment consists of two individual funds established for a variety of purposes. The endowment includes donor-restricted funds and funds that can be designated by the Board to function as endowments. As of December 31, 2021 and 2020, there are no Board-designated endowments. As required by U.S. GAAP, net assets associated with endowment funds, including board-designated endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

To honor the memory of E. Vera Mudge, Vera Lee and Rickey Key, the Foundation has established scholarships with Texas State University to support students seeking a career in nursing who are in financial need. The recipients are selected by Texas State University with awards totaling \$110,000 a year for 2017 to 2026. These scholarships are funded by investment earnings from the respective endowments.

Note 5. Endowment Funds (Continued)

Interpretation of relevant law: The Board of the Foundation is subject to the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result, the Foundation classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment and the original value of subsequent gifts to the permanent endowment.

In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Foundation and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Foundation
- The investment policies of the Foundation

Changes in endowment net assets for the years ended December 31, 2021 and 2020, are as follows:

	Without Donor Restrictions	With Donor Restrictions	Total

Funds with deficiencies: From time-to-time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature are reported as unrestricted net assets. There were no such deficiencies as of December 31, 2021 and 2020.

Return objectives and risk parameters: The Foundation has investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment asset. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for donor-restricted assets or for donor-specified period(s). Under this policy, as approved by the Board, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results as stated in the Foundation's policy, while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average rate of return of approximately 4% annually. Actual returns in any given year may vary from this amount.

Note 5. Endowment Funds (Continued)

Strategies employed for achieving objectives: To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives with prudent risk constraints.

Spending policy and how the investment objectives relate to the spending policy: The Foundation has a policy of appropriating for distribution each year 5% of its endowment fund's average fair value over the prior 12 quarters through the calendar year-end proceeding the fiscal year in which the distribution is planned. In establishing this policy, the Foundation considers the long-term return on its endowment. Accordingly, over the long-term, the Foundation expects the current spending policy to allow its endowment to grow at an average of 4% annually. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

Note 6. Employee Benefit Plan

The Foundation has a defined contribution pension plan, which covers substantially all eligible employees. Effective January 1, 2014, the Foundation added a 50% matching program for every dollar that an employee contributes up to 6% of the employee's gross compensation, for a maximum matching contribution of 3%. This matching contribution is made in addition to the safe harbor contribution of 3%. Employees are immediately vested in both their contributions and the employer contributions. Contributions charged to employee benefit expense for the years ended December 31, 2021 and 2020, totaled \$471,585 and \$431,131, respectively.

Note 7. Significant Concentrations

Cash balances are maintained by the Foundation at several banks. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 at December 31, 2021 and 2020. At December 31, 2021 and 2020, the Foundation had approximately \$1.3 million and \$2.6 million, respectively in excess of FDIC and Securities Investor Protection Corporation (SIPC) limits. The Foundation has not experienced any losses in such accounts.

Note 8. Income Taxes

The Tax Cuts and Jobs Act (the Tax Act) was enacted on December 22, 2017, making significant reforms to the Internal Revenue Code. The reforms include, but are not limited to, a corporate tax rate decrease from 35% to 21% effective for tax years beginning after December 31, 2017.

The provision for taxes on income relating to Impact Fund, LP consists of \$295,461 and \$186,020 for the years ended December 31, 2021 and 2020, respectively. This amount represents the tax effect of the current federal income tax expense totaling \$170,000 and \$296,000 for the years ended December 31, 2021 and 2020, respectively, and the deferred federal income tax expense (benefit) of \$165,858 and \$(109,980) for 2021 and 2020, respectively.

The tax effect of a temporary difference that give rise to the deferred tax liability for the years ended December 31, 2021 and 2020, of \$1,200,342 and \$1,034,483, respectively, resulted from a goodwill adjustment.

Deferred taxes are presented in the accompanying consolidated statements of financial position as accrued liabilities and would be considered noncurrent.
