Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- 3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.
- b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- 4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes," and if you checked 12a or 12b in Part I, answer (b) and (c) below.
- b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? [f "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- B Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- b Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI.
- c Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- 10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer 10b below.
 - b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

these concerns. Representatives from collaborating agencies made up a
steering committee, which was responsible for designing the Assessment.

The steering committee members contributed contact information for 70
people who represent the broad interests of Travis County and who are
knowledgeable about its health-related issues. The steering committee
then prioritized potential interviewees, paying attention to factors such
as type of work and work place. A total of nine interviews, 30 online
surveys and one focus group with community stakeholders were conducted.
Ultimately, the qualitative research engaged over 35 individuals in
discussions about the health issues they deemed critical in their
community. Organizations represented by these individuals include Austin
ISD, People's Community Clinic, Lone Star Circle of Care, and Community
Action Network.

In preparation of the CHNA for Williamson County, the reporting organization collaborated with the Williamson County and Cities Health District, the WilCo Wellness Alliance, Baylor Scott & White Health, Opportunities for Williamson and Burnet Counties, and the Seton Healthcare Family, collectively referred to as the CHA Team. The CHA Team used the National Association of County and City Health Officials (NACCHO) Mobilizing for Action through Planning and Partnerships (MAPP) process as a proven systematic framework for identifying community health needs and the resources for meeting those needs. The assessment process included both primary data generated by the partners and secondary data from external organizations. The team also gathered qualitative data through facilitated discussions, key informant interviews, and focus groups with residents and stakeholders. Trained facilitators conducted 12 focus groups with community members from a variety of groups including youth, non-English speakers, older adults, healthcare systems staff, non-profit organizations, educational entities, and local governments. In all, the CHA process engaged more than 100 individual community members.

Group A-Facility 1 -- St. David's Medical Center

Part V, Section B, line 11: The St. David's Foundation embraced the

Affordable Care Act requirements to conduct community health needs
assessments in the geographies of its medical facilities and create

strategic implementation plans for each facility. St. David's augmented
its area-based, collaborative, comprehensive community health planning
efforts in Travis and Williamson Counties by leading similar assessments
for Bastrop and Hays Counties and consolidating an assessment of community
health needs across all communities in the medical facilities'
geographies. The community health needs assessment (CHNA) process was
data-led, evidence-based and reflective of key community partnerships.

Several overarching themes emerged from synthesizing the quantitative and qualitative data of the CHNAs. These needs informed the priorities, goals, objectives, and strategies of the St. David's Medical Center Strategic Implementation Plan.

Need Areas:

- 1. Improved healthcare access, quality and insurance coverage
- 2. Improved health and well-being of children
- 3. Improved health and well-being of women
- 4. Improved health and well-being of seniors
- 5. Improved socioeconomic factors that contribute to health
- 6. Improved health and well-being in rural communities

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20a, 20b, 20c, 20d, 20e, 21c, 21d, 23, and 24. Strategic Implementation Plan, attached as Exhibit H-1. All areas

highlighted by the CHNAs are being addressed by the 2016-2018 Strategic

Implementation Plan. This plan is meant to be reviewed annually and adjusted to accommodate revisions that merit attention.

Group A-Facility 2 -- St. David's North Austin Medical Center Part V, Section B, line 5: In preparation of the CHNA for Austin / Travis County, the reporting organization collaborated with Seton, Central Health and Austin/Travis County Health and Human Services. Through the collective effort, a focus group, interviews and online surveys were conducted from November 2015 - February 2016 with leaders from a wide range of organizations in different sectors, community stakeholders, and residents to gauge their perceptions of the community, their health concerns, and what programming, services, or initiatives are most needed to address these concerns. Representatives from collaborating agencies made up a steering committee, which was responsible for designing the Assessment. The steering committee members contributed contact information for 70 people who represent the broad interests of Travis County and who are knowledgeable about its health-related issues. The steering committee then prioritized potential interviewees, paying attention to factors such as type of work and work place. A total of nine interviews, 30 online surveys and one focus group with community stakeholders were conducted. Ultimately, the qualitative research engaged over 35 individuals in discussions about the health issues they deemed critical in their community. In preparation of the CHNA for Bastrop County, the reporting organization collaborated with Seton and Central Health. Through the collective effort, a focus group, interviews and online surveys were conducted from November 2015 - February 2016 with leaders from a wide range of organizations in different sectors, community stakeholders, and residents to gauge their perceptions of the community, their health concerns, and what programming, services, or initiatives are most needed to address these concerns. Representatives from collaborating agencies made up a steering committee, which was responsible for designing the Assessment. The steering committee members contributed contact information for 37 people who represent the broad interests of Bastrop County and who are knowledgeable about its health-related issues. The steering committee then prioritized potential interviewees, paying attention to factors such as type of work and work place. A total of nine interviews, 13 online surveys and one focus group with community stakeholders were conducted. Ultimately, the qualitative research engaged over 20 individuals in discussions about the health issues they deemed critical in their community. Organizations represented by these individuals include Bastrop County Indigent Health Care, Family Crisis Center, Bastrop ISD, and DSHS-Bastrop County Health Department.

In preparation of the CHNA for Hays County, the reporting organization collaborated with Seton and Central Health. Through the collective effort, a focus group, interviews and online surveys were conducted from October 2015 - February 2016 with leaders from a wide range of organizations in different sectors, community stakeholders, and residents to gauge their

perceptions of the community, their health concerns, and what programming, services, or initiatives are most needed to address these concerns. Representatives from collaborating agencies made up a steering committee, which was responsible for designing the Assessment. The steering committee members contributed contact information for 69 people who represent the broad interests of Hays County and who are knowledgeable about its health-related issues. The steering committee then prioritized potential interviewees, paying attention to factors such as type of work and work place. A total of ten interviews, 17 online surveys and one focus group with community stakeholders were conducted. Ultimately, the qualitative research engaged over 20 individuals in discussions about the health issues they deemed critical in their community. Organizations represented by these individuals include Hays CISD, CommuniCare Health Centers, Methodist Healthcare Ministries, and Hays County Food Bank.

In preparation of the CHNA for Williamson County, the reporting organization collaborated with the Williamson County and Cities Health District, the WilCo Wellness Alliance, Baylor Scott & White Health, Opportunities for Williamson and Burnet Counties, and the Seton Healthcare Family, collectively referred to as the CHA Team. The CHA Team used the National Association of County and City Health Officials (NACCHO) Mobilizing for Action through Planning and Partnerships (MAPP) process as a proven systematic framework for identifying community health needs and the resources for meeting those needs. The assessment process included both primary data generated by the partners and secondary data from external organizations. The team also gathered qualitative data through facilitated discussions, key informant interviews, and focus groups with Schedule H (Form 990) 2018 Section C. Provide the following information.

- 1 Required descriptions. Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment. Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information. Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 Promotion of community health. Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report. If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 3c:
In compliance with IRC Section 501(r), the hospitals provide 100%
financial assistance (Charity Care) for eligible patients with income
equal to or less than 200% of the Federal Poverty Guidelines (FPG). For
eligible patients with income over 200% FPG and equal to 500% or less than
FPG, discounts are provided on a sliding scale. Eligibility is determined
using various sources of documentation and income verification. Throughout
2018, the accounts for individuals without any health insurance who live
in low income zip codes and who failed to respond to collection efforts
were removed from accounts receivable and treated as charity care.
Part I, Line 7:
The hospitals utilize the cost to charge ratio from the audited financial
statements.
SCACEMENTS.
7. J. T. T. F. G. 1/C)
Part I, Ln 7 Col(f):
Bad debts are excluded from the calculation of total expenses.

Part II, Community Building Activities:

All of the hospitals are active in the community promoting health of

Central Texans. The Foundation provides significant grants each year to

numerous agencies and local safety net clinics. The Foundation focuses

its funding on six key areas that will improve the health and health care

of all Central Texans.

Part III, Line 4:

St. David's Foundation's proportionate share of bad debt expense from its ownership interest in St. David's Healthcare Partnership, LP, LLP (the "Partnership") is reported on Schedule H, Part III, Line 2. Following is the footnote to the Partnership's audited financial statements which describes bad debt expense:

"The SDHP [the Partnership] records a provision for doubtful accounts (based primarily on historical collection experience) related to uninsured accounts at the estimated net self-pay revenues the Partnership expects to collect. Adverse changes in general economic conditions, business office operations, payor mix, or trends in federal or state governmental health coverage could affect the Partnership's collection of accounts receivable, cash flows, and results of operations."

Part III, Line 8:

The amounts reported on Part III, Lines 5-7 have been determined by aggregating the information from the individual facility cost report(s) for each of the Hospitals operated by SDHP [St. David's Healthcare Partnership, LP, LLP]. The Hospitals operated by SDHP may have cost report year ends other than December 31, 2018. Accordingly, for a

efforts of HMFA to assist hospitals in determining the difference

between patients who have the capacity to pay for their care but won't

pay and patients who lack the capacity to pay, the determination always

involves judgment. However, the hospitals controlled by the Foundation

determine charity care on the core principles set forth in Statement

15, including specific criteria for charity care, a specific time of

determination, record keeping, disclosure of the charity care policy

and valuation of charity care at cost.

Part I, Lines 6a and 6b:

St. David's Healthcare Partnership, LP, LLP files annual Statements of

Community Benefits as required by the Texas Department of State Health

Services.

Part VI, Line 2:

The Partnership Strategic Planning Process continually assesses and addresses the needs of the community. The Foundation recently participated in a capacity study for the surrounding service area to assess the overall community needs. The Foundation's Grants Program addresses the needs of the service area.

Part VI, Line 3:

Each hospital posts a summary of its charity care policy in admission areas, emergency rooms, and other areas where eligible patients are likely to be present. The hospitals' Condition of Admission consent informs the patients that they may be eligible for financial assistance or charity care and they may request information about these programs. A summary of the financial assistance program is provided to the patient during the

intake and discharge processes. Patients are informed of availability of various government benefits, such as Medicaid, and receive assistance with the qualification for such programs, where applicable.

Part VI, Line 4:

The hospitals are located in Travis and Williamson counties. The patients are predominately from Travis, Williamson and Hays counties. The Foundation's grant program recipients closely align with patient demographics served at the hospitals.

Part VI. Line 5:

The hospitals operate as exempt hospitals; they have open emergency rooms and medical staff. The Foundation invests its share of earnings from the hospitals into programs in Central Texas that increase access to healthcare.

Part VI, Line 6:

The Foundation is a general partner in St. David's Healthcare, a hospital system that meets the Community Benefit Standard and the requirements of the Affordable Care Act in delivering hospital care to Central Texas. addition, the Foundation has assessed the unmet healthcare needs of Central Texas and uses the earnings from the hospitals to meet those needs in many ways. The Foundation makes grants to charities in Central Texas meeting the healthcare needs of the indigent. The Foundation also makes grants to educational institutions to support medical education. The Foundation's affiliates give needs-based scholarships to students pursuing healthcare careers. In addition, the Foundation provides free dental care to the children in more than 50 low income schools and to the adult

of the Foundation and other individuals covered by this policy; (c) ask the person to recuse from participation in related discussions or decisions within the organization; or (d) ask the person to resign from his or her position in the Organization or, if the person refuses to resign, become subject to possible removal in accordance with the Organization's removal procedures. The organization's CEO will monitor proposed or ongoing transactions for conflicts of interest and disclose them to the Chairman of the Board of Trustees in order to deal with potential or actual conflicts.

Form 990, Part VI, Section B, Line 15:

To establish the compensation of the organization's top management officials, other officers, and key employees, the Foundation used the report of an independent compensation consultant. The report was prepared in 2014. Without participation of the officer, director or other top management official under consideration, the Compensation Committee determined and approved compensation based on the independent consultant's report.

This process was undertaken for the following officers, directors, and key employees for 2018 compensation on November 28, 2017:

R. Earl Maxwell, CEO

Blake Holman, CIO

William Buster, EVP

Amy Vaughan, CFO

Cathy Iberg, VP of Investments

Shailee Gupta, Clinical Director

Form 990, Part VI, Section C, Line 19:

The reporting organization's governing documents, conflicts of interest policy and financial statements are available to the public upon request.

Please contact the CFO at 512-879-6600.

Form 990, Part XII, Line 2b:

The reporting organization's financial statements were audited by an independent accountant as part of consolidated financial statements.

The consolidated financial statements included St. David's Foundation,

St. David's Community Health Foundation Holdings, St. David's

Foundation Community Fund, St. David's Community Health Foundation

Initiatives, St. David's Foundation Impact Fund, LP, and St. David's

Foundation Impact Fund, GP, LLC.

Form 990, Part VI, Section A, Line 1a:

The Board of Trustees of the reporting organization (the "Foundation")

established an Executive Committee (the "Committee") to assist the

Board in fulfilling its oversight responsibility for the operations of

the organization and its affiliates. The Committee has the power to

conduct the business of the Foundation during the period between

meetings of the Board, in accordance with the policies and expressed

wishes of the Board and established protocol. The Committee is

authorized to secure such resources as it reasonably needs to fulfill

its responsibilities, including outside consultants, as appropriate.

The Chief Executive Officer of the Foundation, or an appointed

representative, serves as the Committee's staff liaison. The Committee

also consists of three elected governing Board officers: Chair, Vice

^{*} In 2018, we began transitioning the SDF Loan Repayment Program to a new organization to administer. Data is unavailable until the transition is completed.

^{**} Reduced the •mount reported in 2017 to accurately represent mutli-year grants that carry over into 2018.

^{***} Over the last two years, the foundation has explored best practices for supporting rural communities with little nonprofit infrastructure available. Philanthropy in rural areas requires a different strategy, with a larger emphasis on relationships and trust-building. Co-creation of initiatives, with the very community members impacted, is essential if community improvements are to be sustained. Therefore, while keeping the goal of improved health consistent, the foundation has replaced a very specific strategy (reducing substance use) with the broader initiative of improving leadership capacity in rural areas.

^{**} Reduced the amount reported in 2017 to accurately represent mutli-year grants that carry over into 2018.

^{***} Over the last two years, the foundation has explored best practices for supporting rural communities with little nonprofit infrastructure available. Philanthropy in rural areas requires a different strategy, with a larger emphasis on relationships and trust-building. Co-creation of initiatives, with the very community members impacted, is essential if community improvements are to be sustained. Therefore, while keeping the goal of improved health consistent, the foundation has replaced a very specific strategy (reducing substance use) with the broader initiative of improving leadership capacity in rural areas.

Independent Auditor's Report

To the Board of Trustees St. David's Foundation and Affiliates

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of St. David's Foundation and Affiliates (collectively, the Foundation), which comprise the consolidated statements of financial position as of December 31, 2018 and 2017, the related consolidated statements of activities and cash flows for the years then ended and the related notes to the consolidated financial statements (collectively, the financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We did not audit the financial statements of St. David's Healthcare Partnership, L.P., LLP (the Partnership). The investment in the Partnership is accounted for by the equity method of accounting. The investment in the Partnership was approximately \$388,216,000 and \$376,076,000 as of December 31, 2018 and 2017, respectively, and the equity in the Partnership's income was approximately \$135,068,000 and \$116,911,000 for the years then ended, respectively. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Partnership, is based solely on the reports of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

Opinion

In our opinion, based on our audits and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of St. David's Foundation and Affiliates as of December 31, 2018 and 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America,

Emphasis of Matter

The Foundation adopted Accounting Standards Update No. 2016-14, *Not-for-Profit Entities (Topic 958):* Presentation of Financial Statements of Not-for-Profit Entities, during the current year, see Note 1. The adoption of the standard resulted in additional footnote disclosures and significant changes to classification of net assets and the disclosures related to net assets. The adoption was retrospectively applied to December 31, 2017, the earliest year presented. Our opinion is not modified with respect to this matter.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information, as listed in the table of contents, is presented for purposes of additional analysis rather than to present the financial position and changes in net assets of the individual entities and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplemental information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies

Principles of consolidation: The consolidated financial statements include the accounts of St. David's Foundation (SDF) and its affiliates, all of which are wholly owned. All material intercompany accounts and transactions are eliminated in consolidation. These affiliates include St. David's Community Health Foundation Holdings (Holdings); St. David's Foundation Community Fund (Community Fund); St. David's Community Health Foundation Initiatives (Initiatives); St. David's Foundation Impact Fund GP, LLC (Impact Fund GP, LLC) and St. David's Foundation Impact Fund, LP (Impact Fund, LP), collectively referred to herein as the Foundation.

Organization: As a general partner in St. David's Healthcare Partnership, L.P., LLP (the Partnership), a Texas limited partnership, SDF is actively involved in meeting the health care needs of the community as a whole by funding major capital improvements to the Partnership's hospitals. In addition, SDF is actively involved in meeting the needs of indigent members of the community through grants for indigent primary care, mental health services, services for the elderly and grants for wellness programs. The principal source of income for SDF is the income from the Partnership, which owns the various St. David's hospitals in the Central Texas area.

The mission of Holdings, a nonprofit 501(c)(3) organization wholly owned by SDF, is to improve the health of Central Texans. Sources of income are various community grants and donations. Holding's board of trustees consists of the chairman, vice chairman and secretary of the Foundation's Board of Trustees (the Board).

The mission of Community Fund, a nonprofit 501(c)(3) organization wholly owned by SDF, is to improve the health of Central Texans and to provide scholarships to financially disadvantaged students pursuing a health care career at a Texas college or university. Community Fund's revenue comes from income from its investment in Leadership Healthcare Holdings, L.P., LLP and private donations. The Board of the Foundation is responsible for electing the chairman and trustees of Community Fund.

Initiatives is a public nonprofit 501(c)(3) organization wholly owned by SDF. Initiatives supports the mission of SDF, Community Fund and Holdings. Initiatives also owns the building that houses all the entities. The majority of Initiatives' income is derived from its investment in Impact Fund, LP and Impact Fund GP, LLC and rental income from leasing activities. The board of trustees for the Community Fund is responsible for electing the chairman and trustees of Initiatives.

Impact Fund GP, LLC, wholly owned by Initiatives, is the 1% general partner of Impact Fund, LP, while Initiatives holds a 99% limited partner interest. Impact Fund GP, LLC is a for profit limited liability company incorporated in the state of Texas. Impact Fund, LP is a for profit limited partnership incorporated in the state of Texas. The majority of the partnerships' revenue comes from income from their investment in Leadership Healthcare Holdings II L.P., LLP. The board of trutees for Initiatives is responsible for electing the chairman and the trustees of the Impact Funds.

SDF and HCA—The HCA, Inc. and certain affiliates (collectively referred to as HCA) participated in the formation of Columbia/St. David's Healthcare System, L.P., a Texas limited partnership, effective April 30, 1996. Effective September 2, 2004, this limited partnership changed its name to St. David's Healthcare Partnership, L.P., LLP (the Partnership). The Partnership was structured with two general partners, SDF and Round Rock Hospital, Inc., and two limited partners, SDF and Columbia/SDH Holdings, Inc. Each partner, in exchange for partnership interests, contributed substantially all their hospital-related assets and liabilities located in Travis and Williamson Counties, Texas.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

The Partnership provides health care services primarily through the operation of general acute care hospitals: St. David's Medical Center (362 licensed beds, plus a 64 bed rehabilitation specialty hospital); South Austin Medical Center (300 licensed beds); North Austin Medical Center (NAMC) (379 licensed beds); Round Rock Medical Center (171 licensed beds); Georgetown Hospital (111 licensed beds); Heart Hospital of Austin (58 licensed beds) and St. David's Surgical Hospital (46 licensed beds). The Partnership owns a 52.69% interest in Bailey Square Surgery Center and a 51.85% interest in South Austin Surgery Center. The Partnership has four urgent care locations and a network of 22 physician practices with 52 locations and approximately 384 physician providers.

The Partnership Agreement provided for initial aggregate sharing percentages of 50% for the Foundation and 50% for HCA for purposes of allocating partnership income or loss. Because HCA's contribution of its 50% interest in NAMC was not included in determining these initial sharing percentages, the sharing percentages were adjusted annually in accordance with the Partnership Agreement as follows: the initial sharing percentages were adjusted retroactively to April 30, 1996, based upon the value of NAMC at December 31, 1996. The value of NAMC was also re-determined as of December 31, 1998 and 1997, and the sharing percentages adjusted retroactively to the beginning of the respective year. The final determination of the value of NAMC was based on April 30, 1999, financial information, with the sharing percentages retroactively adjusted to January 1, 1998.

As a result of the contribution of the remaining 50% of HCA and Austin Diagnostic Clinic (HTI/ADC) Venture to the Partnership, as well as the distribution to Community Fund, the sharing percentages were further adjusted during 2005. On June 5, 2006, the Partnership acquired Georgetown Healthcare System, Inc. in exchange for a limited partnership interest, which caused the sharing percentage to be further adjusted. The sharing percentages of the Foundation, HCA and Georgetown Healthcare System, Inc. were 40.59%, 58.41% and 1.00%, respectively, at December 31, 2018 and 2017.

The Partnership Agreement provides for distribution of net cash from operations. Special distributions may be made with the approval of the board of governors of the Partnership based upon an analysis of current and future cash flow. All distributions shall be in proportion to each partner's sharing percentage in effect at the date of the distribution. For the years ended December 31, 2018 and 2017, the Partnership made approximately \$302,855,000 and \$224,842,000, respectively, in distributions to the partners.

Basis of accounting: The accompanying consolidated financial statements have been prepared on the accrual basis of accounting applicable to not-for-profit organizations in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Support and revenue are reported as an increase in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (e.g., the donor stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

Consolidated financial statement basis of presentation: In accordance with the Not-for-Profit Entities topic of the *FASB Accounting Standards Codification* (ASC), the Foundation reports information regarding its consolidated financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions,

Under these provisions, net assets and revenue, expenses, gains and losses are classified as without donor restrictions and with donor restrictions based on the following criteria.

Without donor restrictions: Net assets without donor restrictions consist of net assets that are not subject to donor-imposed restrictions. Net assets without donor restrictions result from operating revenues, contributions from donors without restrictions and dividend and interest income. Net assets without donor restrictions may be designated for specific purposes by action of the Board.

With donor restrictions: Net assets with donor restrictions consist of contributed funds subject to donor-imposed restrictions contingent upon specific performance of a future event or passage of time before the Foundation may spend funds. When the donor restriction expires, donor restricted net assets are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions. Endowed donor restricted net assets are subject to irrevocable donor restrictions requiring that the assets be maintained in perpetuity. Generally, donors of these assets permit the use of all or part of the income earned on any related investments for general or specific purposes.

Cash and cash equivalents: For the purpose of the consolidated statements of cash flows, the Foundation considers all cash, money market and liquid investments with an original maturity of less than 90 days to be cash equivalents.

Valuation of investments: Investments in pooled equity funds are presented in the accompanying consolidated financial statements at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Unrealized gains and losses are included in the change in net assets in the accompanying consolidated statements of activities.

The fair value of marketable securities with readily determinable market values is determined using quoted market prices. The fair value of investments in pooled equity funds is determined using the practical expedient. The practical expedient provides for the use of net asset value (NAV), either reported by the investor fund or as adjusted by the Foundation based on additional information provided by the external investment managers.

The fair value of the pooled equity funds at the measurement date are based on available information, may involve subjective judgment and do not necessarily represent the amounts that might ultimately be realized, which depends on future circumstances and cannot be reasonably determined until realized. Due to the inherent uncertainty of valuations of the investment funds, the fair values may differ significantly from the values that would have been used had a ready market for the pooled equity funds existed, and the differences could be material.

The Foundation has an investment policy that sets guidelines and constraints to ensure the portfolio is appropriately diversified.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

Investments in partnerships: The equity method of accounting is used for the Foundation's investment in the Partnership; Leadership Healthcare Holdings, L.P., LLP and Leadership Healthcare Holdings II, L.P., LLP. This method of accounting is used, as the Foundation exercises significant influence due to its percentage of ownership in voting securities, role as a co-general partner and representation on the respective entities' boards of directors. Under the equity method of accounting, the accounts of the foregoing entities are not reflected within the Foundation's consolidated statements of financial position and consolidated statements of activities because they do not meet the criteria for consolidation; however, the Foundation's share of the earnings or losses of the Partnership is reflected in the captions, St. David's Healthcare Partnership, L.P., LLP income or ancillary joint venture income, in the consolidated statements of activities and the net investment in each of the respective entities is disclosed in a separate line item in the consolidated statements of financial position.

The Foundation evaluates its investments in partnerships for impairment at least on an annual basis, and more frequently when economic or market concerns warrant such evaluation. The Foundation employs a systematic methodology that considers available evidence in evaluating potential impairment of its investments in its partnerships. In the event that the cost of an investment exceeds its fair value, the Foundation evaluates, among other factors, the magnitude and duration of the decline in fair value; the expected cash flows of the investments; the financial health of and business outlook for the investments; the performance of the investments and the Foundation's intent and ability to hold the investment.

Property and equipment: Property and equipment are stated at cost if purchased, or fair value if donated. Depreciation is calculated on the straight-line method based on the following estimated useful lives: furniture—10 years, equipment and vehicles—five years and building—40 years. Amortization expense is computed using the straight-line method over the shorter of the estimated useful lives of the assets or the period of the related lease. Amortization of leasehold improvements is computed using the straight-line method over the shorter of the remaining lease term or 10 years. The Foundation has adopted a capitalization policy for property and equipment of \$2,500.

Impairment of long-lived assets: The Foundation reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The Foundation did not recognize an impairment loss during the years ended December 31, 2018 and 2017.

Promises to give: The Foundation makes awards and grants to other charitable organizations. These awards and grants are designed to improve the health of underserved and indigent populations. The amount for which the Foundation is obligated is recorded in the consolidated financial statements upon Board approval.

Support and revenue: Contributions are recorded at fair value when the Foundation is in possession of or receives an unconditional promise to give. Contributions are recorded as restricted support with donor restrictions or without donor restrictions based on the existence or nature of any donor restrictions. As donor or time restrictions are satisfied, net assets are reclassified to net assets without donor restrictions. The Foundation's policy is to report restricted support that is satisfied in the year of receipt as restricted and then fully released in the same year.

Unconditional promises to give, or pledges, are recorded in the consolidated financial statements when there is sufficient evidence in the form of verifiable documentation that a promise is made and received.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

Contributed services that create or enhance nonfinancial assets or that require specialized skills that are provided by individuals possessing those skills, and which would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received. Contributed goods are recorded at their fair value in the period received. The amount of such contributed goods or services for the years ended December 31, 2018 and 2017, was not significant to the consolidated financial statements.

Functional allocation of expenses: The costs of providing the various programs and supporting services have been summarized on a functional basis in the consolidated statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services and fundraising expenses based on actual time spent by employees or estimated time spent; if actual time is not readily available. Rent expense is allocated based on the square footage occupied by each department. Also see Note 9.

Federal income taxes: The Foundation, Holdings, Community Fund and Initiatives are public nonprofit 501(c)(3) organizations exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code, except to the extent they have unrelated business activities. As such, no provision for federal income taxes has included made in the accompanying consolidated financial statements related to these four entities.

Impact Fund GP, LLC and Impact Fund, LP are for profit entities subject to federal income taxes. Income taxes for these two entities are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets, including tax loss and credit carryforwards, and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred income tax expense represents the change during the period in the deferred tax assets and deferred tax liabilities.

Deferred tax assets and liabilities are individually classified as other assets or accrued liabilities, respectively in the consolidated financial statements. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all the deferred tax assets will not be realized.

The Financial Accounting Standards Board (FASB) provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the consolidated financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Foundation's tax return to determine whether the tax positions are "more likely than not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more likely than not threshold would be recorded as a tax benefit or expense and liability in the current year. Management has determined there are no material uncertain income tax positions.

The Foundation's policy is to record interest and penalty expense related to income taxes as interest and other expense, respectively. At December 31, 2018 and 2017, no interest or penalties have been or are required to be accrued.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncements: In February 2016, the FASB issued Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)*. This ASU requires a lessee to recognize on its balance sheet a right-of-use asset and a lease liability under most operating leases. This ASU is effective for annual and interim periods beginning after December 15, 2019. Early adoption is permitted. The Foundation is currently evaluating the effects the adoption of this ASU will have on its financial position, results of operations or cash flows.

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU No. 2015-14, which defers the effective date of ASU No. 2014-09 one year, making it effective for annual reporting periods beginning after December 15, 2018. The Foundation has not yet selected a transition method and is currently evaluating the effect the standard will have on its consolidated financial statements.

In August 2016, the FASB issued ASU No. 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which decreases the number of net asset classes from three to two. The new classes will be net assets with donor restrictions and net assets without donor restrictions. The standard also:

- Requires reporting of the underwater amounts of donor-restricted endowment funds in net assets with donor restrictions and enhances disclosures about underwater endowments.
- Requires a not-for-profit to provide in the notes qualitative information on how it manages its liquid
 available resources and liquidity risks. Quantitative information that communicates the availability of a
 not-for-profit's financial assets at the balance sheet date to meet cash needs for general expenditures
 within one year is required to be presented on the face of the financial statement and/or in the notes.
- Requires reporting of expenses by function and nature, as well as an analysis of expenses by both function and nature.

The standard took effect for annual financial statements issued for fiscal years beginning after December 15, 2017, and for interim periods within fiscal years beginning after December 15, 2018. The Foundation elected to adopt this ASU as of January 1, 2018. The Foundation made changes to terminology and classification as described above, as well as additional and modified disclosures, particularly in Notes 4, 5, 9 and 10 to the consolidated financial statements. Amounts previously reported for the year ended December 31, 2017, have been reclassified, on a retrospective basis, to achieve consistent presentation and amounts previously reported as temporarily or permanently restricted have been reclassified to be reported as with donor restrictions.

In January of 2016, the FASB issued ASU No. 2016-01, Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities, the final standard on the recognition and measurement of financial instruments. The ASU applies to all entities that hold financial assets or owe financial liabilities and represent the finalization of just one component of the FASB's broader financial instruments project. ASU No. 2016-01 is effective for the Foundation's year ending December 31, 2020. Earlier application is permitted.

Notes to Consolidated Financial Statements

Note 1. General and Summary of Significant Accounting Policies (Continued)

In August 2016, the FASB issued ASU No. 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. ASU No. 2016-15 provides guidance on how certain cash receipts and cash payments should be presented and classified in the statement of cash flows with the objective of reducing existing diversity in practice with respect to these items. ASU No. 2016-15 is effective for the Foundation on January 1, 2019. Early adoption is permitted. ASU No. 2016-15 requires a retrospective-transition method. However, if it is impracticable to apply the amendments retrospectively for some of the issues, the amendments for those issues would be applied prospectively as of the earliest date practicable. The Foundation does not expect the impact of the adoption of this guidance to be significant to its consolidated financial statements.

In June 2018, the FASB issued ASU No. 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made.* The ASU clarifies and improves the scope and the accounting guidance for contributions received and contributions made. The amendments in this update should assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of ASC Topic 958, Not-for-Profit Entities, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. ASU No. 2018-08 will be effective for the Foundation beginning on January 1, 2019, for contributions received and January 1, 2020, for contributions made. ASU No. 2018-08 should be applied on a modified-prospective basis. Retrospective application is permitted.

In August 2018, the FASB issued ASU No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The standard addresses the removal, modification and addition of certain disclosure requirements. The guidance will be effective for the Foundation beginning January 1, 2020. Early adoption for some or all of the changes is permitted. The Foundation is currently evaluating the impact of the additional disclosure requirements on its consolidated financial statements.

Subsequent events: The Foundation has evaluated subsequent events that occurred after December 31, 2018, through the date of this report on August 20, 2019. Any material subsequent events that occurred during this time have been properly recognized or disclosed in the consolidated financial statements.

Reclassifications: Certain amounts on the consolidated statement of activities for the year ended December 31, 2017, have been reclassified to be consistent with the current-year presentation. Such reclassifications had no effect on the change in net assets for the year ended December 31, 2017.

Note 2. Investments and Fair Value Measurements

The ASC, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described on the following page.

Notes to Consolidated Financial Statements

Note 2. Investments and Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- · Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted market prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation techniques and inputs described in Note 1 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes that its valuation methods are appropriate and consistent with other market participants, the use of different techniques and inputs or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between Level 1 and Level 2 for the reported investments. There have been no changes in the techniques and inputs used at December 31, 2018 and 2017.

The requirements of Fair Value Measurements and Disclosures of the ASC apply to all financial instruments and all nonfinancial assets and nonfinancial liabilities that are being measured and reported on a fair value basis. Fair value is defined as the price that would be received to self an asset or paid to transfer a liability in the principal or most advantageous market of the investment at the measurement date.

The following table sets forth by level, within the fair value hierarchy, the Foundation's investment assets at fair value as of December 31, 2018 and 2017:

Note 5. Endowment Funds

The Foundation's endowment consists of two individual funds established for a variety of purposes. The endowment includes donor-restricted funds and funds that can be designated by the Board to function as endowments. As of December 31, 2018 and 2017, there are no Board-designated endowments. As required by U.S. GAAP, net assets associated with endowment funds, including board-designated endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

To honor the memory of E. Vera Mudge, Vera Lee and Rickey Key, the Foundation has established scholarships with Texas State University to support students seeking a career in nursing who are in financial need. The recipients are selected by Texas State University with awards totaling \$110,000 a year for 2017 to 2026. These scholarships are funded by investment earnings from the respective endowments.

Interpretation of relevant law: The Board of the Foundation is subject to the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result, the Foundation classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment and the original value of subsequent gifts to the permanent endowment.

Notes to Consolidated Financial Statements

Note 5. Endowment Funds (Continued)

In accordance with SPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Foundation and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Foundation
- The investment policies of the Foundation

Changes in endowment net assets for the years ended December 31, 2018 and 2017, are as follows:

	 nout Donor estrictions	With Donor Restrictions		Total
Endowment net assets at December 31, 2016	\$ 3	\$ 2,863,472	\$	2,863,472
Net assets released	— :	(27,500)		(27,500)

Investment return	—	5,273		5,273
Endowment net assets at December 31, 2018	\$ -	\$ 2,788,969	\$	2,788,969

Funds with deficiencles: From time-to-time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of this nature are reported as unrestricted net assets. There were no such deficiencies as of December 31, 2018 and 2017.

Return objectives and risk parameters: The Foundation has investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment asset. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for donor-restricted assets or for donor-specified period(s). Under this policy, as approved by the Board, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results as stated in the Foundation's policy, while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average rate of return of approximately 4% annually. Actual returns in any given year may vary from this amount.

Notes to Consolidated Financial Statements

Note 5. Endowment Funds (Continued)

Strategies employed for achieving objectives: To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives with prudent risk constraints.

Spending policy and how the investment objectives relate to the spending policy: The Foundation has a policy of appropriating for distribution each year 5% of its endowment fund's average fair value over the prior 12 quarters through the calendar year-end proceeding the fiscal year in which the distribution is planned. In establishing this policy, the Foundation considers the long-term return on its endowment. Accordingly, over the long-term, the Foundation expects the current spending policy to allow its endowment to grow at an average of 4% annually. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

Note 6. Employee Benefit Plan

The Foundation has a defined contribution pension plan, which covers substantially all eligible employees. Effective January 1, 2014, the Foundation added a 50% matching program for every dollar that an employee contributes up to 6% of the employee's gross compensation, for a maximum matching contribution of 3%. This matching contribution is made in addition to the safe harbor contribution of 3%. Employees are immediately vested in both their contributions and the employer contributions. Contributions charged to employee benefit expense for the years ended December 31, 2018 and 2017, totaled \$362,996 and \$379,049, respectively.

Note 7. Significant Estimates and Concentrations

Cash balances are maintained by the Foundation at several banks. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 at December 31, 2018 and 2017. At December 31, 2018, the Foundation had \$23,552,679 in excess of FDIC and Securities Investor Protection Corporation (SIPC) limits. At December 31, 2017, the Foundation had \$77,188,016 in excess of FDIC and SIPC limits.

The Foundation has significant investments in equity securities and is subject to concentration of credit risk. Investments are monitored by the Foundation and its investment advisor.

Note 8. Income Taxes

The Tax Cuts and Jobs Act (the Tax Act) was enacted on December 22, 2017, making significant reforms to the Internal Revenue Code. The reforms include, but are not limited to, a corporate tax rate decrease from 35% to 21% effective for tax years beginning after December 31, 2017.

The provision for taxes on income relating to Impact Fund, LP consists of \$174,742 and \$303,296 for the years ended December 31, 2018 and 2017, respectively. This amount represents the tax effect of the current federal income tax expense totaling \$340,000 and \$60,000 for the years ended December 31, 2018 and 2017, respectively, and the deferred federal income tax expense (benefit) of (\$165,257) and \$243,296 for 2018 and 2017, respectively.

The tax effect of a temporary difference that give rise to the deferred tax liability for the years ended December 31, 2018 and 2017, of \$1,006,662 and \$1,171,919, respectively, resulted from a goodwill adjustment.

Notes to Consolidated Financial Statements

Note 8. Income Taxes (Continued)

Deferred taxes are presented in the accompanying consolidated statements of financial position as accrued liabilities and would be considered noncurrent.

Impact Fund, LP files a United States federal income tax return. With few exceptions, Impact Fund, LP is no longer subject to United States federal and state income tax examinations by tax authorities for years before December 31, 2015.

Note 9. Classification of Expenses

The following reflects the classification of Foundation's expenses, by both the underlying nature of the expense and function, for the years ended December 31, 2018 and 2017. An individual expense is allocated to the underlying activity through which it was incurred. The consolidated statements of activities include certain expenses that must be allocated on a reasonable basis, which has been consistently applied: certain costs, including payroll, benefits, depreciation, rent and occupancy have been allocated among the programs and supporting services benefited.
